

MUCH HOPE, BUT LITTLE PROSPECT OF PARLEY'S END

Naval Treaty is Not Likely To Be Ready For Next Ten Days

London, April 17.—(AP)—There was a great deal of hope but little prospect today that the five-power naval conference would be concluded at a plenary session Tuesday and that the treaty draft could be completed and made ready for signature by that time.

Unless the work is finished the American delegation, save about 25 members of the entourage who need not stay, will not be able to take the Leviathan Wednesday morning for New York.

British spokesmen particularly are pessimistic that the plenary session can be held Tuesday. Ramsay MacDonald, arriving by airplane yesterday at Lissmouth, Scotland for his Easter vacation, told reporters.

"I may go back to London tomorrow or the day after—it all depends—but at the moment I expect to be here ten days." Ten days from Wednesday would be April 26, Saturday of next week; from the remark some deduced signing of the treaty might be delayed even another week.

Considerable attention here is being centered on the preamble to the treaty and the safeguarding or "escalator" clause to be included in the treaty by which Great Britain will proceed herself against Continental Naval building programs.

The Japanese in a meeting with Secretary Stimson and Senator Reed yesterday agreed to the clause in principle, but re-worded the text, the revised form being sent to Mr. MacDonald in Scotland for his approval.

In the House of Commons A. V. Alexander, First Lord of the Admiralty, said that the London conference would save Great Britain £200,000,000. Commander J. M. Kenworthy retorted with the question whether the London agreement did not call for naval increases which in the case of the United States, would be substantial.

"That is putting a most unfair light on the situation," the First Sea Lord replied.

"Is this not a conference for limitation of armaments and reduction?" insisted Kenworthy.

"Certainly it is for limitation and it is proceeding to such an extent that it is saving Great Britain £200,000,000," Mr. Alexander answered.

U. S. IS SAFEGUARDED

London, April 17.—(UP)—American fear of foreign entanglements and the British Admiralty's demand that its building program be unhampered in case of emergency were satisfactorily disposed of in the so-called contingency clause of the naval treaty, Senator Joseph Robinson said today in a statement to the press.

Robinson stressed the necessity of all nations having a free hand to build in case of necessity. His statement said:

"The so-called safeguarding clause will provide in general that, if during the time of the treaty, requirements of national security of any of the three powers whose auxiliary vessels are limited is, in the opinion of that power, materially affected by new construction of any nation whose auxiliary program is not limited by the treaty, that power will notify the other two of the amount and kind of building it requires."

"Thereupon those other powers shall be entitled to make a proportionate increase in the same category or categories."

Voluntary Process.

"Since the limitation of armament is a voluntary process which no sovereign power has the right to enforce on another, it is a wise principle to enter this arrangement, for by doing so, we avoid responsibility for insisting that any other nation must have its hands tied in possible emergencies."

"This clause does not follow Article 21 of the Washington treaty, which I objected to when it was entered into, on the ground that it might entangle us in European naval problems and policies. While it is hoped no situation will arise under which any of the three powers may find it necessary to increase their tonnage in auxiliary vessels, prudence calls for a provision for such a contingency. If a real emergency should arise, I should want the United States to be free to act without the consent of others and, of course, we must concede the same right to them."

"It is desirable that those who limit their means of defense should feel safe in that limitation. Otherwise they will not continue the process of limitation."

Former Resident Of Dixon Died Last Eve

Mrs. Sabilla Hartman, formerly of Dixon and Nelson township, passed away at her home in Sterling last evening about 9:30. Mrs. Geer of this city is a daughter of the deceased, who was quite well known in this vicinity. The funeral will probably be held at the late home, 302 W. Fourth street, Sterling, at 2:30 o'clock Saturday afternoon, with burial in the Zion cemetery on the Harmon road.

A total of 35 common law cases also appear on the trial list without dates being set. All chancery cases are also considered on the trial list.

Some Oddities In Wire News Today From Various Parts

RAIDED EMPTY JAIL.

Rushville, Ill., April 17.—(UP)—In a raid on the empty city jail Sheriff Claude Thompson and Deputy of Schuyler county, found a gallon of liquor in the house of "Jailor Ed. Beatty" adjoining the jail and a quart in one of the vacant cells. Beatty was arrested on a charge of possession and sale of intoxicants. He gave bond of \$500.

MUCH SOUGHT MAN.

Carlinville, Ill., April 17.—(UP)—Oliver Stork, youthful grandson of the late Frederick W. Linder, was a much sought bachelor here today. Oliver was named as heir to \$1,000 in his grandfather's will but attached to the legacy is the condition that he must marry before he receives it.

WANTS TO SELL BODY.

Indianapolis, Ind., April 17.—(UP)—A market for a human body with the heart on the right side was sought in a letter received by the United Press today.

James D. Cox, Fort Wayne, who claims his heart is located on the wrong side asked the United Press to locate a medical institution that would buy his body after he dies.

OLD FASHIONED REMEDY.

Jefferson City, Mo., April 17.—(UP)—An old-fashioned whipping was the lot today of four 14-year-old boys, charged with robbing several stores.

Prosecuting Attorney Nikke Sevier debated what should be done with them.

One of the boys' mothers decided. She led them into an ante-room where she administered the whipping. The boys promised to be good hereafter.

DELAY PROVED COSTLY.

Springfield, Ill., April 17.—(UP)—Because Nellie Miller Herrin of Exonington, waited too long to accept a gift from James Purfoy, the Supreme Court today held she had lost title to it. Purfoy gave her the key to a lock box so she could get a deed to property he offered her. She neglected getting it until after he had died.

This delay the Supreme Court held was fatal to her interest, inasmuch as it was Purfoy's intention to complete the gift while he lived.

JAZZ FOR VESPER.

New York, April 17.—(UP)—Popular dance music played by a prominent orchestra will feature the opening vespers services of the new \$3,000,000 Manhattan Confessional church at Broadway and 76th Street Sunday night, the Reverend Edward H. Emmet, pastor, announced today.

He said the orchestra would be a weekly feature each Sunday night for six weeks in the church's campaign to attract young people.

"The churches have neglected the youth of our city too long," said Dr. Emmet.

"It is our ambition to make our services as attractive as possible to young persons. From current accounts, young people need and are entitled to the church as much as their elders."

Mandamus Denied

Montgomery, Ala., April 17.—(AP)—The Alabama Supreme Court, in a decision today refused to stop the Democratic primary of August 12, from which the state committee had excluded as candidates Senator J. Thomas Hefflin and others who failed to support the Democratic national ticket in 1928.

The court affirmed the decision of the Jefferson County Circuit Court denying a writ of mandamus to stop the primary, as asked by Horace C. Wilkinson, Birmingham attorney, who was a leader of the anti-Smith forces in the 1928 election.

The state Democratic executive committee in session here December 16, 1929, voted 27 to 21 to exclude from the primaries as candidates all who failed to support the ticket in 1928.

Senator Hefflin has announced he will run in the general election despite the ruling of the state committee.

TOASTMASTERS TO MEET

The Toastmaster's Club have an especially interesting program this week which concludes a series of talks on a subject which began four weeks ago, and that proved of great interest and value to all who heard them. Dr. Ray Worsley is to give this concluding talk on the symposium.

New members are elected nearly every week and new branches of the Toastmasters are springing up in many of the adjacent cities in Illinois, Peoria being the latest one.

MURDER MARKED CHICAGO GANGS' 'PEACE TREATY'

"Scarface Al" Capone Is Chosen "King" While Assassins Work

Chicago, April 17.—(UP)—While "Scarface" Al Capone and his vassal chiefs supposedly signed a new "peace treaty," a band of their henchmen raced along Blue Island Avenue last night in the traditional gangland murder car and assassinated another bootlegger.

Authority that "Scarface" Al and his erstwhile deadly enemies had turned the hatchet in foaming mugs of beer and equally large glasses of hard liquor, came from the Herald and Examiner, which said in addition that Capone and his underlings agreed to quit murder and pool their resources and income.

Capone elected himself "King," the newspaper said.

A few minutes before the story appeared on the street the latest gangland assassination was flashed over the police teletype, apparently shattering the new "treaty" before the ink was dry on the gangster's signatures or marks.

The murder victim was identified as Joseph M. Cameron, 40, who came here four months ago from New York, where, his widow said, he was a salesman for a textile mill. Police said he was a bootlegger.

Chased Their Victim

The gangsters, according to witnesses, chased Cameron several blocks before they were able to catch up with his smaller car.

At 13th Street, a busy corner even at midnight, the murder car drew alongside and, without slowing down, the assassins fired a volley of shots from a machine gun into Cameron's automobile. Witnesses said the gangsters' automobile didn't hesitate. Apparently certain of their aim, the gunmen speeded north across Roosevelt Road, the busiest cross-town artery, and disappeared.

Cameron's car swerved into the front of a store and he was found dead. He was shot at eight times and the side of his automobile was perforated.

Cameron evidently fired one or two shots at his assailants as his empty cartridges were found in his pistol.

According to the Herald and Examiner, the assassination occurred about the time of Capone and his gangster friends were toasting one another in several parties around the Lexington Hotel, near south side residence of the gang chief since he was released last month from a Philadelphia jail.

Guests of Capone

The big and the little "shots" were guests of Capone, the newspaper said, at several simultaneous parties.

The guests, the Herald and Examiner said, named "Scarface" as their overlord, pooled their resources and income from vice, liquor and gambling with Capone as treasurer and agreed to quit "this cutthroat competition."

Goodfellowship reined supreme at the parties, the Herald and Examiner said, such names as Joe Aiello and Al Capone locking arms and saying "It's all been a mistake, this killing and competition."

Police said so far as they knew Capone didn't have a party last night and they have been keeping watch on the Lexington Hotel since the "Big Shot" returned.

HERO WAS NEAR DEATH

Lincoln, Ill., April 17.—(UP)—An attempt by Frank McKarnen, local youth, to extinguish a blaze in a grocery store almost resulted in his death last night. McKarnen made an effort to put out a fire in the store before the fire department arrived. He was overcome by smoke and it required an hour of effort on the part of firemen to resuscitate him after they had dragged him from the flaming building.

Nelson Election

Results of the village election in Nelson yesterday were:

For Trustees (three to be elected)—Henry Duffy, 73; Klaus Seibolt, 72; Homer Heaton, 63; Emil Janssen, 47; Harry Blaisdell, 63; Walter Thompson, 43.

For Village Clerk—Clarence H. Welker, 112.

A total of 129 votes were cast.

ASKS FIGHT ON MERGER

Washington, April 17.—(UP)—A demand that the Department of Justice take action to stop the proposed gigantic merger of General and Westinghouse Electric companies with the Radio Corporation was made on the Senate floor by Senator Dill (Dem. Wash.) and father of existing radio control legislation.

CHURCH AUDITOR, NEGRO, IS SLAIN BY UNKNOWN FOE

Shot Six Times, Bound, Weighted, And Thrown Into Indiana River

Scottsburg, Ind., April 17.—(AP)—Enemies within the church were blamed by county authorities today for the slaying of Edward D. Pierson, Chicago Negro and Auditor for the National Baptist Convention.

Pierson was found in the Muscatatuck river, near Scottsburg, Ind., yesterday. Three fishermen heard him faint cries for help and found him faintly clinging to the branches of a tree. He died soon after he was rescued. There were six bullet wounds in his body his hands and feet were bound and two traveling bags were weighted about his neck.

Members of the family said Pierson had frequently found irregularities in accounts of the Negro churches comprising the National Baptist Convention and expressed the belief that "someone was hired to kill him."

Chicago police, aiding in the investigation, said Pierson had been "put on the spot and taken for a ride."

Pierson went to Nashville, Tenn., March 30, to audit the books of the convention office there. He left there Tuesday evening for Columbus, Ohio, intending to stop first at Louisville, his secretary said.

Found Account Juggled

In Nashville, the secretary, Alma Overton, said the auditor carried with him a report of the condition of the Nashville office of the convention. Roy Darden, of the Tennessee Attorney General's office, said Pierson had found that a loan of \$62,000 to the Nashville office had been "juggled," and that he was preparing to report this to the general offices of the Convention in Chicago.

Scottsburg is on a main Louisville-Indianapolis highway. It is believed by Chicago police that Pierson's enemies "put him on the spot" in Louisville and then headed north in an automobile.

His brief case, in which his wife said he always carried his auditing reports, was missing. A diamond stickpin and a watch were also gone, but \$50 in money was found in the Auditor's pocket.

There were several pastors in the convention admittedly opposed to Pierson. One of these, Rev. J. C. Austin, pastor of the Pilgrim Temple, said he believed Pierson had been taken from a train and murdered by another passenger for "some fancied slight."

Others in the so-called opposition said they knew nothing in the history of the convention to substantiate a theory that Pierson was killed because of his connection as Auditor.

Sterling Officer, Known Here, Dead

Dennis P. Boyers, former member of the Sterling police department and well known in Dixon, passed away yesterday at his home on Avenue B in Sterling. The deceased was a relative of George and Miss Mary Ewin of this city. Funeral services will be conducted from the Sacred Heart church in Sterling Saturday morning at 10 o'clock.

WEATHER

Springfield, Ill., April 17.—(UP)—The talking picture "Alibi" was denounced as having "a tendency to cheapen the value of human life in the minds of human spectators," in an opinion of the State Supreme Court, which today upheld city officials of Chicago in barring the picture.

The court opinion reversed an injunction of the Cook County Circuit Court, which restrained Chicago authorities from interfering with exhibition of the picture.

The picture "Alibi" was a portrayal of gangster and underworld life in which several policemen were shot. The film was barred on the ground that it was immoral and tended to create a hatred for policemen because of certain scenes.

Approximately seventy decisions, most of them in cases from Cook County, were handed down by the Court.

The court declared unconstitutional that section of the state Barber's Act requiring women hairdressers who cut hair to have a barber's license.

TO DISMANTLE LINE

Chicago, April 17.—(AP)—Bion J. Arnold, owner of the Elgin, Belvidere & Rockford railroad, today received permission of the Illinois Commerce Commission to dismantle all copper equipment of the road.

A second hearing, to determine final disposition of the 46-mile line, was set for May 1 in Chicago.

COMMITTEES COMPLETE

Washington, April 17.—(UP)—Difficulties over appointment of the Senate's campaign investigating committee ended today when Vice President Curtis secured consent of Senator Dale (Rep. Va.) to fill the final committee vacancy.

POISON DEATH INDICATED IN BRIBERY CASE

"Accidental" Death of Main Witness In Case Probed

BULLETIN.

Los Angeles, Cal., April 17.—(UP)—Traces of cyanide poisoning were found in the vital organs of Robert Bursian, 35, important Julian Petroleum Corporation investigation witness, it was announced today.

Bursian's body was found Tuesday under his wrecked automobile on Beverly boulevard.

Los Angeles, April 17.—(AP)—An inquest to determine whether Robert Bursian, District Attorney's undercover agent, was poisoned to prevent his appearance before the grand jury to testify in the latest Julian Petroleum Corporation investigation or whether his death was the result of an automobile accident was called here today.

Blayne Matthews, Chief Investigator of the District Attorney's staff, disclosed last night that a drinking glass containing poison was found in the wreckage of the automobile in which Bursian's body was found early Tuesday morning. County Autopsy Surgeon Frank Webb announced a preliminary autopsy revealed the presence of poison in his stomach was indicated.

Shortly after the body was found District Attorney Burton Fitts said the 31-year-old bookkeeper was a secret investigator for his office. He said Bursian had been working on angles of the Julian investigation, and at the time of his death was on a "very dangerous mission" connected with an alleged bribery plot involving political and financial figures.

Not convinced that Bursian's death was entirely accidental, Fitts ordered an immediate probe of circumstances surrounding the case.

"It is a remarkable coincidence," Fitts said, "that Bursian should have been killed just as we were nearing the climax in phases of the case up which he had been working."

Matthews said it definitely was known where Bursian was and what he was doing shortly before his death, and that at least three of his companions are being sought for questioning.

Preliminary Census Reports By Gannon

Supervisor of census Martin J. Gannon this morning gave out a preliminary announcement of the population of divisions in which the enumerators have completed their work as follows:

Franklin Grove, 625 population, as compared with 589 ten years ago and with four farms enumerated in the area.

Dixon state hospital, 3,113 population as compared with 341 ten years ago and with one farm enumerated in the area.

City of Dixon—that part bounded by North Ottawa avenue, Rock river, city limits and the Illinois Central railroad, 1,061. The population of this area was not shown separately in 1920 and no farms enumerated in the area.

Other figures released today of local interest are:

Grand Detour township, Ogle county, 338; decrease 21.

Chadwick, Carroll county, 558; decrease 24.

Shannon, Carroll county, 573; decrease 63.

White Rock Township, Ogle county, 742; decrease 43.

Ridott, Stephenson county, 201; increase 14.

German Valley, Stephenson county, 191; increase 4.

Fog Caused Death Of Two In Plane

Hays, Kas., April 17.—(AP)—Fog, the enemy of aviation, has claimed at least two additional lives, the result of a plane crash here yesterday.

A. J. (Steve) Lacey, 27, Wichita, Kas., test pilot, and exhibition flyer, and his wife, 20, died following the fall of a plane piloted by the aviator. Russell Guild, 22, of Holyoke, Colo., is in a critical condition in a Hays Hospital. Dr. H. C. Hill, also of Holyoke, the fourth occupant of the plane, less seriously hurt, also is receiving hospital treatment.

According to Dr. Hill the pilot apparently lost his sense of direction after flying for 20 minutes in a dense fog, and headed the airplane into the ground. The plane speeded 3,200 feet and buried itself in a pasture.

Test Pilot Killed While Doing Stunts

New York, April 17.—(UP)—Stunting with a type of plane not built to stand such stress was blamed today for the death of Peter Talbot, 43, test pilot of the American Aeronautical Company.

Talbot yesterday tried out a new Savoia Marchetti biplane, which had been tested previously and found in good condition. As he entered a series of loops the wings folded back against the fuselage and the craft dived 2,000 feet down to Manhasset Bay, Port Washington.

CAMPAIGN FOR COMMUNITY FIRE TRUCK WILL END NEXT SATURDAY

The campaign for funds for the Dixon community fire truck will close Saturday, according to C. F. Brubaker who has spent several days in this locality in the interest of the truck and who will complete his activities at the close of the week. Subscriptions may be addressed to Mr. Brubaker or persons interested may have the proposition explained by calling him.

The chassis, a ton-and-a-half Dodge Brothers truck, has been delivered to the Boyer Fire Apparatus company's plant at Logansport, Ind., by the Clarence Heckman agency of this city. The chassis was delivered from the factory yesterday and work was started at once in the construction of the body and the equipment which will be used on the truck.

Features of the equipment will be chemical tanks of large capacity and a pump which can be used in a creek, cistern, well or water tank to thrown water on fires in the country. The truck will be equipped with all of the modern fire fighting equipment and it is expected that it will be delivered about June 1.

OPPOSITION TO JUDGE PARKER IS EMBARRASSING

Republican Leaders In Efforts to Prevent A Break In Party

By PAUL R. MALLON

United Press Staff Correspondent

Washington, April 17.—(UP)—So embarrassing politically has become the opposition to Judge John J. Parker as a Supreme Court Justice that two alternative plans of preventing an open Republican party break are being arranged by Senate leaders.

If they can, the leaders will hold the nomination in the Senate Judiciary committee indefinitely in order to prevent a discussion of the issues raised by the nomination on the Senate floor.

Failing in that, and they fear they will fail, they will try to make an agreement for a closed executive session of the Senate to consider the nomination. It would be the first secret session of the Senate since the rules were changed last spring, after the United Press published the secret debates and roll calls on the Lenroot and West nominations.

Under the change in rules a majority of the Senate must be lined up in favor of the secret session before the doors can be closed.

Some such step seems necessary to the leaders since publication of a telegram sent to Senator Patterson, Rep. Mo., by B. G. Voorhees, Republican State Chairman of Missouri.

"In my judgment the confirmation of Judge Parker means that the Republican party might just as well say goodbye to Missouri for the next two or three elections at least," Voorhees stated.

Called An "Affront"

"It will be the first great affront given by a Republican President and a Republican Senate to the Negro race, since the days of Abraham Lincoln."

"It was a long hard pull to put Missouri in the Republican column. It seems a pity that the fine results through many years of unremitting effort in Missouri on the part of the Republican state organization should be thrown away in two short years."

Similar sentiments have been privately voiced by some of the leaders from the other so-called border states of West Virginia, Ohio, Kentucky, Indiana and Illinois. They have caused alarm to the Senators from those and other states, who must decide whether Judge Parker shall be confirmed. These include such stalwart Republicans as Goss, West Va.; Robinson, Ky.; McCullough, Ohio; Dobinson and Watson, Indiana, (where there are 120,000 colored voters); and Glenn, Illinois.

These Senators, along with the farm bloc members who are opposing Parker because of his "yellow dog contract" decision, and a few Democrats are the only ones now left in the opposition camp. The attitude of some of these still is doubtful.

Parliamentarians believe Parker would be confirmed if the vote is taken in executive session without open debate and the inevitable airing of the union labor and negro issues.

On account of the changing of dates for other fairs in Winnebago and Bureau counties, the Amboy fair association decided to open the fair in August one day later and continue over Sunday. The Ministerial associations selected committees who went to Amboy and visited Secretary Pettigrew where they voiced their protests.

WALTONIANS GATHER

Dr. R. K. Blodgett of Chicago, president of the national Isaak Walton League, arrived in Dixon this afternoon and was met by a delegation of about 50 Waltonians from all parts of northern Illinois who were assembled for the meetings here this afternoon and evening. A business meeting was held at the city hall at 2:30 by the Dixon chapter, after which an automobile trip was scheduled to take the visitors to Lowell Park and the Dixon State Hospital. At the state institution, the visitors will inspect the sick river as a state game propagation farm, where work is to be started this summer.

This evening at 6:30 at the Elks club about 200 Waltonians and their ladies were expected to enjoy the banquet and the program which will follow. Dr. Blodgett is to give an address this evening which will feature the program at the Elks club.

Highway Officials
Meet Next Thursday

County Superintendents of Highways of the northern Illinois district, No. 2, will meet in the supervisors' room at the court house in an all day meeting next Thursday. County Superintendents will be present from J. Davies, Stephenson, Winnebago, Ogle, Carroll, Whiteside, Lee, Bureau, Henry and Rock Island counties.
The morning session will open at 10 o'clock at which time George H. Baker of Springfield, state engineer of county roads, will address the superintendents on the subject of gas-tax road construction programs which will be followed by a discussion. At noon the visitors will enjoy a luncheon at the Nachusa Tavern.
In the afternoon, E. L. Gates, county Superintendent of Highways of DuPage county will speak on asphaltic reconstruction of highways. This will be followed by a general discussion of all county road matters. O. L. Goeke and George Friese of the Dixon district, state department of highways officials, will also appear on the program. The session will be closed to the public.

Widow Of Murdered Man Vows Vengeance

Causton, Wis., April 17.—(UP)—A widow, who vowed vengeance upon the casket of her murdered husband, took a hand today in the investigation of the liquor-fueled slaying of Clinton G. Price, District Attorney of Juncos county.
For the first time since Price was killed from ambush last Sunday as he talked to her in the kitchen of their home, Mrs. Price broke her silence at the bar and revealed that Price is a dying statement ordered her to "get the man who did this or there'll be more lives lost."
Price, as he neared death from shotgun slugs fired from the bank of the Lemonweir river in the rear of their home, told his wife not to let a certain prominent Mauston attorney handle the case, she said. The attorney's name was not revealed.
"Clint wanted me to see justice done," Mrs. Price said, "and I'm going to work on this case myself. I want his murderers caught, otherwise there will be other shot down."
In Madison, science was put to work on the mystery case and Prof. J. H. Mathews, chemist, found that the shotgun picked up at the murder scene bore a thumb print and deciphered the serial number, which had been mutilated. Both are being checked in the hope that the clues will establish definitely the identity of the murderer.

Fruit Co. Employee Kidnaped By Bandits

Washington, April 17.—(AP)—The State Department announced today that Leonard B. Cassidy, Boston, Mass., United Fruit Co. employee, was captured April 15 by discharged laborers at El Hule, Oaxaca, Mex.
The report was sent the Department by Leonard G. Dawson, American Consul at Vera Cruz.
Dawson said Mexican military authorities were conducting a wide-spread search with various units of the army.
He reported Cassidy was badly beaten and was taken to the mountains.

Oil Man Plans To Return To "Claim"

San Angelo, Tex., April 17.—(AP)—Undismayed despite his kidnaping by bandits who held him for ransom for a month, J. E. Bristow, San Angelo oil and mining man, expects to return to Nayarit, Mexico, to perfect his claim to a zinc, lead and silver mine. Bristow completed the last lap of his return from captivity here yesterday. Hundreds of friends greeted the veteran prospector and his son, Gordon Olie Bristow, who ransomed the older man for \$1,500 on their return home.

First 'Life-For-A-Pint' Victim Free

Flint, Mich., April 17.—(AP)—Channie Tripp, the first man in Michigan to go to prison for life on the basis of four liquor law violations, was free today. His sentence under the habitual criminal clause of the state criminal code was quashed by Judge James S. Parker yesterday.

Tripp was prepared to appear for another trial granted him by the State Supreme Court on a writ of error.

The way for Tripp's release was paved by the last state legislature which amended the habitual criminal code to remove liquor offenses from the classification of felonies.

Under the code, conviction of four felonies makes a life sentence mandatory.

CONGREGATIONAL CHURCH

Will the London Naval Conference bring world peace? Did the Paris Peace Pact outlaw war? Will American participation in the World Court prevent another world catastrophe? "And ye shall hear of wars and rumors of war: see that ye be not troubled." Matt. 24:6. "The Where and When of the Next World War" will be Mrs. S. J. Bole's subject tonight in the first of a series of messages on the "Signs of the Times."

Professor Bole, speaking in the power and spirit of the Lord will address his audience on "God's Remedy for a Sin Slick Love." A great evening of praise, prayer and testimony is assured.

Last night the gospel group from Wheaton conducted the scheduled meeting in the Congregational church and in addition the prayer meeting of the First Baptist Church.

Speaking in the prayer meeting, Prof. Bole gave his personal testimony as related to some practical suggestions for Christian work in Dixon. At the regular up-town meeting a short time later he suggested some very remarkable answers to prayer which he had experienced.

Mrs. Bole closed her series of addresses on the dispensational chart with a stirring soul searching message on the Great Tribulation.

In a short after meeting prayer was enlisted for the closing days of the Dixon campaign for Christ.

The children's work from 4 to 5 continues to prosper. At least twenty young folks decided for Christ yesterday afternoon. Choruses, object lessons, Bible verses and drills are regular features of this hour.

All children of any age or denominational affiliation are welcome.

Pastor Stands Pat On His Statement

Baltimore, April 17.—(UP)—Although criticized by the pastor in whose pulpit he made it, Dr. Peter Ainslie stood by his statement that a minister is a out of place as an Army or Navy Chaplain as he would be in a speakeasy.

Ainslie made this assertion first in the Washington pulpit of Dr. Jason Noble Pierce, pastor of the First Congregational Church. Yesterday Dr. Pierce publicly criticized Dr. Ainslie, saying his statement "magnifies the United States and the Churches."

"War, through the Kellogg pact, has been outlawed just as surely as the speakeasy," Dr. Ainslie declared in answering the Washington minister. "The Chaplain should exist no longer."

WASHINGTON'S FUNERAL TOLD IN OLD PAPER

The Kingston Gazette Also Has Article on Return of Napoleon

Bryson City, N. C.—(UP)—Accounts of the death and burial of George Washington and return of Napoleon to France from Egypt, are included in the Saturday, January 4, 1880, issue of the Kingston, Ulster County, N. Y., Gazette, in possession of Mrs. Anne D. Bryson, of Bryson City.

The old Gazette contained messages of condolence from the House and Senate and the statement of President John Adams.

As a mark of respect, the Gazette, a folded sheet of four pages, carried a half-inch border of black around the inside of the publication, with a four-inch line of black between the second and third pages.

Under the caption, "Washington Entombed, George Town, Dec. 20," the Gazette read:

"On Wednesday last, the mortal part of Washington the Great—the Father of His Country and the Friend of Man, was consigned to the tomb with solemn honors and funeral pomp. A multitude of persons assembled from many miles round, at Mount Vernon, the choice abode and last residence of the illustrious chief. There were the groves—the spacious avenues, the beautiful and sublime scenes, the noble mansions—but alas the august inhabitant was now no more. The great soul was gone. In the lofty portico, where oft the Hero walked in all his glory, lay the shrouded corpse. . . . On the ornament at the head of the coffin was inscribed, Surge ad judicium—about the middle of the coffin, Gloria Deo—and on the silver plate his name and date of death.

"Between three and four o'clock, the sound of artillery on the river, firing minute guns, awoke our solemn sorrow—the corpse was removed—a band of music with mournful melody melted the soul into all the tenderness of woe."

"The pall bearers were Col. Sims, Ramsey, Payne, Gilpin, Marsteller, and Little with mourners. Masonic brethren and citizens, with the cavalry, infantry, guard, with arms reversed and clergy and music, with the General's horse with his saddle, holsters and pistol, preceding them."

In his message to both the House and Senate, President Adams said: "I feel myself alone, bereaved of my last brother. His example is now complete, and it will teach wisdom and virtue to magistrates, citizens, and men, not only in the present age, but in future generations, as long as our History shall be read."

"Paris, Oct. 14—Bonaparte and Berthier are in France at the very moment when the fame of their triumphs at Paris, they disembarked at Frejus. It appears that he was afraid of being taken by English had attempted to land at Toulon. The frigate in which he came was escorted by two vessels. On reaching the shore, Bonaparte and Berthier and all who were with him, fell down and kissed the land of liberty."

The water will be shut off tomorrow on East Everett St. and E. Boyd St., from Galena Ave. to Jefferson from 7 to 11 A. M.

A HYMN FOR ARBOR DAY

Henry Hanby Hay
GOD save this tree we plant!
And to all nature grant
Sunshine and rain
Let not its branches fade.
Save it from axe and spade,
Save it for joyful shade,
Guarding the plain.

When it is ripe to fall,
Neighbored by trees as tall,
Shape it for good.
Shape it to bench and stool,
Shape it for home and school,
Shape it to square and rule,
God bless the wood.

Now the Baron Tells Tale of the Long Skirt

New York, April 17—(AP)—Women's legs are responsible for the long skirts they're trailing around today, in the opinion of Baron De Meyer, international style expert and widely known fashion writer.

"Women have advanced a great many reasons for those long skirts, but the real reason lies in their own legs," said the Baron, who has just returned to America after a visit to the leading dressmaking salons of Paris.

"When the couturiers saw how the skirts were everlastingly going up and up and up, when they saw what horrible sights were revealed in bony knees and that ugly line at the top of the calf, they knew something had to be done. There was only one thing to do—pull the skirts down—and they did it as fast as they could. That's the real story of the long skirt."

First Lady Suffers From Wrenched Back

Washington, April 17—(AP)—Mrs. Hoover is suffering from a wrenched back which, although painful, is described by Captain Joel T. Boone, the White House physician, as not at all serious.

She received the injury, he said, in a fall yesterday in her living room, and explained that it was for this reason that she reclined upon a couch when she received the Children of the American Revolution late in the day.

The First Lady had planned, with President Hoover, to welcome the Daughters of the American Revolution, who are holding their annual Congress here. Her injuries prevented her from taking part in the reception, but she insisted upon seeing the children.

Mrs. Hoover had been suffering from a cold for several days, but this, Dr. Boone said, was much improved.

Pauline Frederick to Take Fourth Husband; Playing in Dixon Today

New York, April 17—(UP)—Pauline Frederick, stage and motion-picture star, and Hugh C. Leighton, president of the Inter-State Company of New York City obtained a marriage license at the Municipal Building yesterday.

Miss Frederick, who gave her age as 43, has been married previously to Frank Andrews, an architect, Willard Mack, actor and producer, and Dr. Carlton Rutherford of Seattle, all of whom she divorced. Leighton, who is 53, has also been married before.

Bryant-Rehfeldt Wedding Wednesday

Mark D. Bryant of Rockford and Miss Oerta M. Rehfeldt of Freeport were married Wednesday afternoon at the parsonage to the Baptist church in Dixon, with the pastor, Rev. W. W. Marshall performing the ceremony. The bride was prettily attired in royal blue georgette. The bride and bridegroom were attended by J. H. Woods and Miss Frances

Stueswaell of Rockford. After a brief honeymoon Mr. and Mrs. Bryant will return to Rockford where they will make their home, and where Mr. Bryant has a position as a meat cutter.

Oratorio At Methodist Church Friday Night

Good Friday night will be observed at the First Methodist church by the chorus choir of that church singing the well known oratorio of DuBois, "The Seven Last Words." This is one of the outstanding classics in religious music and will be more widely used on Good Friday night than any other musical production. The public is very heartily invited to hear this rendition. The service will begin at 7:30.

Mrs. Bertha Bennett Rorick is the musical director, Crawford A. Thomas, organist with Mrs. Blake Grover assisting at the piano. The soloists are Mrs. Amos Grover, soprano, W. Harold Flamm, tenor and Deming W. Hintz, bass.

The bride was attended by Miss Bernice Miller, who wore a dainty tan colored frock. The bridegroom was attended by Bert Conway as best man.

Both Mr. and Mrs. Sims are receiving the best wishes of many friends for their future happiness.

Phidian Art Club In Pleasant Meeting

The Phidian Art Club met on Tuesday afternoon, April 15th, at the home of Miss Geisenheimer. There was a good attendance. Mrs. S. W. Lehman read a most interesting paper for the afternoon on

"Henry the VIII." After the business and program, the meeting was adjourned and delicious refreshments were served by the hostess, assisted by Miss Ingraham, Mrs. Rasch, Mrs. Johnson and Mrs. Paddock.

Marriage Solemnized At Baptist Parsonage

At 8:45 o'clock at the Baptist parsonage in this city on last Thursday evening, the pastor, Rev. W. W. Marshall officiated at the wedding which united in marriage Leslie Henson and Miss Myrtle Wright, both of Dixon. After the ceremony the young people drove to Cisne, Ill., to spend a brief honeymoon and afterwards they will return to Dixon, where they will receive the best wishes of their many friends and where the bridegroom has employment.

Mrs. Lindbergh Will Be Husband's Assistant

Los Angeles, April 17—(AP)—Mrs. Charles A. Lindbergh the former Anne Morrow, will actively assist her husband, the famous Flying Colonel, in the couple's contemplated one-stop experimental high altitude transcontinental air trip to New York.

While preparing for the flight expected to begin within a few days, Colonel Lindbergh said that his wife would be his navigating assistant.

JUST FOR THE FUN OF IT.

This stunt of Captain Frank Hawks, who sat in a motorless glider and let an airplane pull him across the continent at the end of a 500-foot tow rope, is one of the most interesting developments aviation has offered in a long time.

Not because of Hawks' skill and nerve—though these, of course, were notable. Not because a new record was set, or because commercial aviation stands to score a new advance. But simply because the stunt emphasized anew the possibilities inherent in the glider.

The glider, to our notion, is the best thing aviation has yet given us. For it is the instrument which may yet turn aviation into what it really ought to be—the most dazzling, breath-taking, incredible form of recreation ever known to man.

Can you remember, as a child, having those dreams of flying through the air? Of course you can. We've all had them. And you can remember, can't you, what gorgeous dreams those were? They gave the dreamer the sense of having cut all the bonds that tied him to the earth. For the moment he was completely free, able to exult in his spirit and soar through the air without any restraint.

Those are the most haunting, tantalizing dreams any of us ever have. They're too good for this earth. Because of their very impossibility, they lie at the head of that long list of things which, we are assured, ought to be but are not.

Now then; a matter of 25 years ago two geniuses from Ohio invented a means by which mankind could actually fly through the air. And what happened? Their invention has progressed until now it is used very widely in commerce, even more widely in exploration, most widely of all as a military weapon—but very, very little as a means of pure recreation.

We admire the planes that soar over our heads, and we thrill to the accounts of the aviators' exploits; but only an infinitesimal fraction of us ever go out to make our dreams come true by flying ourselves. The job is still a bit risky, and it takes a long course of training. So we let slide the grandest opportunity for recreation that ever came our way.

The glider, now, may remedy all of that. Fortunately, there doesn't seem to be much chance that it will ever be very useful commercially. Its one excuse for existence is that it offers a man a chance to disport himself in the air. And it is safer than the motored plane, and infinitely easier to operate.

So say we—more power to it! Let it be perfected, press-agented, popularized without end. We'll all sprout wings and go a-soaring—not to save time and not for hire, but simply because it's a lot of fun.

THE PRICE OF HIGH IDEALS.

Whether or not a man is satisfied with his achievements seems to depend largely on the nobility of the goal he has set himself rather than on his actual performances.

There committed suicide in Boston recently a 29-year-old student at the Harvard Medical School. He was considered one of the most brilliant students that famous school ever had. He was in his fourth year there, and because of his splendid work was spending his final semester performing research work at a hospital.

Surely, if any man of 29 can call himself a success, this young man might have. Yet he took his life because he considered himself a failure!

The young man must have had a very exalted goal in the back of his mind if his brilliant achievements seemed to him so far short of what he had intended to do.

The three Indiana youths who held up a bank after they had been in a dance marathon may now have a chance to try out a new step—the lock-step.

The game warden in Nebraska showed he knew a thing or two about bass-relief when he padded the sides of a tank to keep black bass from injuring themselves.

A six-year-old Tennessee boy was brought to the hospital by his parents to be cured of the cigaret habit. But what's the use, he'll probably take to drink now.

With the temperature 250 degrees below zero on the new planet, be thankful you have only to keep your wife in wraps on this sphere.

The prisoners in an English jail who are to be taught folk dancing won't have any trouble keeping time. And those boys won't exactly drag along a daisy chain when they throw a ball.

It will be a crime if the folk-dancing prisoners, after stepping on each others' toes, should say, "Pardon me." And when they hold their first formal, won't there be a riot?

COMPARISON OF NAVY STRENGTH UNDER NEW PACT

British Government Issues Table Showing Basis Of Navies

London, April 17—(UP)—The comparative strength of the navies of the United States, Great Britain and Japan as restricted under the three-power treaty until 1936 were issued in detail by the government Wednesday.

The hope was expressed that negotiations between France and Italy in forthcoming months would make it possible for both countries to enter the complete agreement reached by the three powers at the naval conference.

Complete agreement was reached by all five powers not to lay down any of the replacement ships of 35,000 tons which they were entitled to build under the Washington treaty.

The three powers will proceed immediately to reduce capital ship strength instead of waiting for expiration of the Washington treaty. The United States will have 15 capital ships, Britain 15 and Japan 9. France and Italy reserve the right to build new ships from their replacement tonnage allowed under the Washington treaty.

The strength of auxiliary ships were given in the following official figures:

Great Britain:
Eight inch gun cruisers (10,000 tons)—15 units totalling 146,888 tons.
Six inch cruisers—192,200 tons.
Destroyers—150,000 tons.
Submarines—52,700 tons.
Total Tonnage—541,700 tons.

United States:
Eight inch gun cruisers—18 units totalling 180,000 tons.
Six inch gun cruisers—143,500 tons.
Destroyers—150,000 tons.
Submarines—52,700 tons.
Total Tonnage—526,200 tons.

(The United States and Britain have parity strength, the difference in tonnage being made up by an American superiority in number of heavy cruisers.)

Japan:
Eight inch gun cruisers—12 units totalling 108,400 tons.
Six inch gun cruisers—100,450 tons.
Destroyers—105,500 tons.
Submarines—52,700 tons.
Total tonnage—367,050 tons.

The United States furthermore undertakes not to complete more than 15 8-inch gun cruisers before 1935, thus meeting in part Japan's demand for an increase of her auxiliary ship ratio from 60 to 70 per cent with America and Britain.

TEXAN RELATES EXPERIENCES IN BANDITS' HANDS

Oil Man's Story Told the United Press Tale Of "Robin Hood"

El Paso, Tex., April 17.—(UP)—J. E. Bristow, San Angelo, Texas oil man who went to Mexico to "find gold and discovered a new means of reducing weight," today looked back upon his harrowing experiences with a Mexican bandit gang as an adventure worthy of the best fiction story he has ever read.

The strapping 60-year-old Texan, slightly uncomfortable in a pair of broken brown shoes, yesterday related to the United Press, the story of his kidnapping and month's captivity by Cruz Delgado, whom he described as a twentieth century Robin Hood.

During his captivity in the bandits' mountain stronghold, Bristow stated he suffered countless privations and hardships. Except on the night his son, Gordon, former University of Oklahoma football star, paid 3,000 pesos ransom for his release, when his captors treated him to a wild turkey dinner the mining engineer said his meals were sparse, causing him to lose 40 pounds in weight.

Although handled roughly by some of the bandits, who at times threatened to kill him, Bristow said Delgado treated him as a guest, even permitting him to handle loaded gun on his promise that he would not attempt to escape.

"Cruz Delgado would make a typical Baptist church deacon, if he had a little education," said Bristow. "He is a teetotaler although permitting his men to drink to their hearts content. He isn't interested in women and smokes rarely."

Because he is popular with the poor, beloved and at the same time feared by his own followers, Bristow described Delgado as a modern Robin Hood.

"Only once did I think of trying to escape. That was one night when I saw Federal soldiers silhouetted against the sky 300 yards from our camp in the old volcano."

He said the bandits decided to move their camp after pursuing Mexican troops had killed four of their number. All day and night he was forced to walk 40 miles to the new mountain retreat, collapsing upon his arrival.

He has agreed to write a book in collaboration with an El Paso newspaper man on his experiences.

ROCHELLE NEWS

ROCHELLE—The distribution of 2,300 quarts of milk and the expending of considerable money is reported by the Service Club in their annual report just made public. The Service Club of Rochelle is a club organized about 10 years ago for the purpose of doing philanthropic work in the community and elsewhere.

There are sixteen members with annual dues of \$6.50. Instead of the customary Charity Ball which has in past years been given at the holiday time, money was raised this year by a benefit card party and a rummage sale.

Work is carried on primarily among children and those responsible for their care and is done to a great extent through cooperation with the school nurse who is best acquainted with conditions and knows where the money can be used to the best advantage. Undernourished children in the grade schools are given milk and graham crackers each day. In the past year 9560 half pint bottles were used in 4 months.

In addition, the Service Club has furnished milk to two needy families during the year and bought groceries for another family together with a gift of \$10.00 and \$10.00 to another family at Christmas time. A \$50.00 dental bill was paid for two children and \$75.00 was used to pay for tonsil operations for seven children. \$24.00 was used to supply glasses for three different children needing them and \$6.00 was used for a tuberculosis health bond and Red Cross seals.

The club is working on the idea of a spring roundup to look after the teeth, tonsils, etc., of pre-school children and hopes the needy work can soon be accomplished.

There was a baseball practice and tryout Sunday, April 13th for those wishing to participate and play on the Rochelle town team at North End Ball Park at 2 P. M. The selection of a team and the booking of a schedule is being arranged for.

John Ingraham, son of Mr. and Mrs. Arthur Ingraham, and a graduate of the Class of '28 of the local high school, is on the spring training trip with the University of Iowa baseball team. Ingraham a southpaw is in his sophomore year at Iowa and on Saturday played with the Concordian, Mo. The team is now enroute to Texas for a period of training and will play games on April 15, 16, 17, and 18 at other points with A. and M. and Texas University teams.

The Iowa City Morning Star of April 8 mentions the trip as follows: "Spring vacations for 16 University of Iowa baseball players means a 12-day 1700 mile trip to the southwest, there to play eight games with

colleges and semi-pros teams in Missouri and Texas.

"Six pitchers, five infielders, three outfielders, and two catchers probably will comprise the squad which departs Friday night and opens the schedule on the University of Missouri diamond at Columbia Saturday afternoon."

"Captain Charles Stebbins of Bonaparte, who played errorless ball in conference games at second base last year, now is the first baseman. His old position is occupied by James Kenny, St. Louis, Mo., while shortstop is held by Reg Hildreth, Val-

paraiso, Ind., the baseball forward, Carl Nelson, Des Moines, is the senior third baseman.

"Twoood, Brown and David, great pitching triumvirate of 1929, are gone, leaving Oakley, Carlsen, Clinton, Harmon, Mitchell, Rockford, and Alfred Ziffren, Rock Island, Ill., as the only hurlers with any varsity experience."

"Best of the recruits is John Ingraham, a strong left hander from Rochelle, Ill.; Ed Groepper, St. Louis, Mo., a made-over catcher; and Francis Schaub, Ottumwa, El-

mo Nelson, Clearfield, appears to have a permanent job as first team catcher."

An Easter Ball to be held under the auspices of Rochelle Council Knights of Columbus No. 1035 will be held in St. Patrick's gym, Rochelle, on Monday evening, April 21st. Bob Perry and his Bohemians direct from Lion's Ball room, Chicago, will furnish the music for dancing from 9 to 12. This will be informal and with many young people home from college and for Easter a big night is anticipated. Nicholas Binz is chairman of the committee arranging for the dance.

Mrs. Homer Cogswell of Rockford was a Sunday guest of her brother, C. E. Lazier and family.

Mrs. E. L. McConaughy and son John, and a friend of John's, a Mr. Murphy of LaGrange, spent Sunday with Rochelle relatives.

Misses Ardella Ward, Alice Askvig, and Alice Hackett are home from State Teachers College at Normal for their Easter vacation.

The fire company responded to an alarm turned in from the Morris Kennedy residence, Sunday afternoon. Attorney and Mrs. Landon return-

ed from their vacation trip to Tennessee and Mississippi Sunday evening and report a most enjoyable time.

DAILY LENTEN THOUGHT

BY WM. E. GILROY, D. D.
Editor of The Congregationalist

A survey of the history of Lent reminds us, among many interesting things, of the way in which customs, and even religious observances, become interwoven with material needs and interests.

We see this in our own time in the immensity of the commercial interests associated with Christmas. In this commercialism many have feared lest the spiritual meaning of Christmas be lost and it become little more to the mass of men than a time to be exploited for mere pleasure or gain.

Those who have this fear might well consider how the Lenten season has taken on an increasing sense of its holiness, despite the fact that this season also was once widely exploited for material ends.

The eating of fish in Lent has not been wholly a matter of religious practice. In earlier times, when the fishing industry of England was threatened, one means of seeking to stimulate and protect the industry was by passing laws that made the substitution of fish for meat during Lent a legal obligation instead of a voluntary religious practice.

Customs are what we make them for ourselves.

Bookie's Kidnaping

Rockford, Ill., April 16.—(UP)—Possibilities that Lewis E. Heitter, Rockford race track bookmaker who disappeared last Friday, was kidnaped and held for \$50,000 ransom in reprisal for heavy gambling losses sustained by a notorious Chicago gangster while he was confined in a local jail, were being investigated today.

The suspect for whom search is not being made, was released about the same time Heitter vanished while driving his maroon-colored Buick coach from Janesville to

Rockford. He is known to have been a patron of Heitter's gambling house here, and is reputed to have lost heavily.

Meanwhile friends of Heitter's who have raised part of the ransom demanded for his release, are awaiting further word from his abductors.

Head Of Dry League Heckled By Students

Chicago, April 16.—(AP)—George B. Safford, Superintendent of the Illinois Anti-Saloon League, was repeatedly heckled last night as he defended prohibition at a meeting of the Liberal Club at the University of Chicago.

The meeting wound up suddenly when the janitor turned out the lights.

It was a very wet night, which may have accounted for the slim attendance. Most of the 21 students present, however, were in an argumentative mood and they broke in frequently upon Safford's remarks.

The Anti-Saloon League leader's statement that prohibition had decreased drinking among college students was attacked by his listeners, one of whom interrupted to say that students drank more now than they ever did.

Although the meeting was almost a debate from the time it began none of the students changed his previous opinion concerning prohibition. At the outset a vote was taken showing eight for prohibition eight against, and five for moderation. When the meeting ended, the vote was the same.

Toledo Pounded By Waves Off Lake Erie

Toledo, April 16.—(AP)—Driven by sharp northwest winds, Lake Erie and Maumee Bay were bulging over their banks today causing extensive damage to property.

The water began to come in late yesterday when many buildings were awash and waves were smashing over breakwaters. The water subsided slightly but again today it appeared to be getting higher.

Several homes were surrounded by water and basements were flooded. Residents returning from work last night were forced to use boats to reach their homes and had to leave the same way this morning.

Lakeside and Lakewood, Mich., summer resorts, 12 miles north of Toledo, suffered heavy loss from the storm. Scores of cottages were surrounded by water.

Ten Cases Of Food Poisoning Probed

Chicago, April 16.—(AP)—With the two most seriously affected victims, Thomas and Kenneth Felsenthal, well on their way to recovery, a chemical analysis was made today of the Boston cream pie and chocolate eclairs believed to have caused cases of food poisoning among ten members of two families.

The Felsenthal boys were taken to a hospital after they became ill, supposedly from eating pastries bought at a neighborhood bakery. Their parents, Mr. and Mrs. Valentine Felsenthal and six members of the Andrew Nelson family were treated by physicians for similar but less severe complaints after partaking of the pastry. An inspection of the bakery revealed no unsanitary conditions.

How I coaxed him to eat!

"ONCE I was worried. Meal-time was getting on my nerves. I prepared many appetizing dishes, but John simply would not eat—just 'minced' at his food. Perhaps sometimes a little grouchy. I began to fear he was 'slipping.' What was I to do? Love, home, happiness, business success—all depended upon an improvement in his condition. The blood-ionic idea suggested itself to me. My Druggist recommended S.S.S. He told me that S.S.S. was a great blood tonic; that it had been successful for over 100 years; that it was made from strictly fresh vegetable drugs and was beneficial to the most delicate system. Also that it would build up the blood and improve the processes by which the body is nourished. I brought home a large size bottle. John agreed to try it. Well, in just a few days he is going to take several more bottles, and not only that, but he is now telling his friends to take S.S.S."

It is a known fact that when a man's system gets "run-down," he hasn't the resistance to ward

Hundreds of thousands of Frigidaires

have never required any SERVICE

this is ONE reason why

Other reasons why 3 times as many Frigidaires are now in use as any other make of electric refrigerator

Porcelain-on-steel inside and outside of every household cabinet.

Surplus power to keep food safely cold even on the hottest days.

The famous "Cold Control" which makes possible extra fast freezing of ice and desserts.

Unit at the bottom out of the way, leaving the top flat and usable.

The new Hydrator which keeps vegetables fresh and even revives wilted vegetables.

Elevated food shelves that eliminate stooping.

Permanently quiet operation... the result of recent and outstanding improvements and refinements.

Low cost. Frigidaire prices are low and the operating cost is but a few cents a day.

3 times

as many Frigidaires are now in use as any other make of electric refrigerator

FRIGIDAIRE is sold with a definite guarantee—backed by General Motors. And still more important to you as a purchaser is the fact that year after year Frigidaire continues to give satisfaction—long after the guarantee has expired. If service should be required it is rendered instantly and without removing the machine from the premises.

OBITUARY

MRS. PETER SNYDER

(Contributed)

Mrs. Esther Singer Snyder was born on August 24th, 1897 at Monico, Wisconsin, the eldest of three daughters born to Willis M. Singer and Mrs. Louise Tomack Singer.

In 1906 the family left their Wisconsin home and settled in Dixon where they have since resided.

On November 9th, 1919, Esther was united in marriage to Peter Snyder, a resident of this city, and they very soon moved into their own home, for the remainder of their happy wedded life.

Mr. Snyder is a valued employee in the factory of the Borden Milk Company, and his wife was employed by the same company, very much enjoying her work beside her husband until a leave of absence was granted her in September of 1929. The last fifteen weeks of her life were spent at the Palmer Sanatorium in Springfield, Illinois, where she was called by her Creator on Sunday, April 13th, 1930, about 5:30 P. M. being at the time of her death 32 years 7 months and 19 days.

She leaves besides her sorrowing husband and 15-year-old daughter Dorothy, her father, Willis M. Singer of this city, and two sisters, Glenna and Gladys of Purcell, Okla., her mother having preceded her in death on August 5th, 1916.

She was a member of the Mooseheart Legion and a faithful worker in the organization up to the time of her death.

She was a loving mother and wife, and a host of friends extend their sincere sympathy to the bereaved relatives in this sad hour.

Trade Balance In March Favored U. S.

Washington, April 17—(UP)—America's world trade in March showed a favorable balance of \$74,000,000 of exports over imports, the Commerce Department announced Wednesday.

Shipments abroad aggregated \$374,000,000, an increase of \$25,046,000 over February. Imports totaled \$300,000,000, an increase of \$18,393,000.

Gold exports were \$290,000 and imports \$55,768,000. Silver exports were \$5,818,000 and imports \$40,831,000.

Soviet Aide Will Disobey Command

Stockholm, Sweden, Apr. 17—(AP)—The newspaper Svenska dagbladet said that the Soviet Naval attaché, Sobolev, accredited at Stockholm and Helsingfors, had been recalled to Russia but would not obey the order.

The paper said he would seek asylum in Sweden. Sobolev declared that he had never been a member of the Communist party.

Fear Of Operation Results In Suicide

Chicago, April 16—(UP)—Fifteen patients in a 14th floor ward of St. Luke's Hospital early today saw Mrs. Olivia Wenner, 35, leap from a window to her death to the street.

A nurse who heard the screams of the patients ran to the open window and saw Mrs. Wenner falling but was too late to detain her.

Mrs. Wenner had been in the hospital four days pending an operation.

Her husband, Peter, said he knew no reason why she should commit suicide unless she was unduly alarmed about her condition, which was said to be good by hospital attendants.

Divorce by letter or telegram is now possible in Mexico at a cost of about \$2000. These divorces are granted for "mental cruelty" and are valid in the United States and France.

Princeton Stockmen Assn. Is Chartered

Springfield, Ill., April 16—(AP)—A charter was granted here today to the Princeton Livestock Shipping Association, a co-operative marketing organization of livestock producers in Bureau County. Directors who will manage the association include L. F. Puttcamp, E. A. Jensen, Henry Gildermaster, Paul Peterson and Alick Bradley. All are agriculturalists living in or around Princeton.

Convicts Wish For Execution Granted

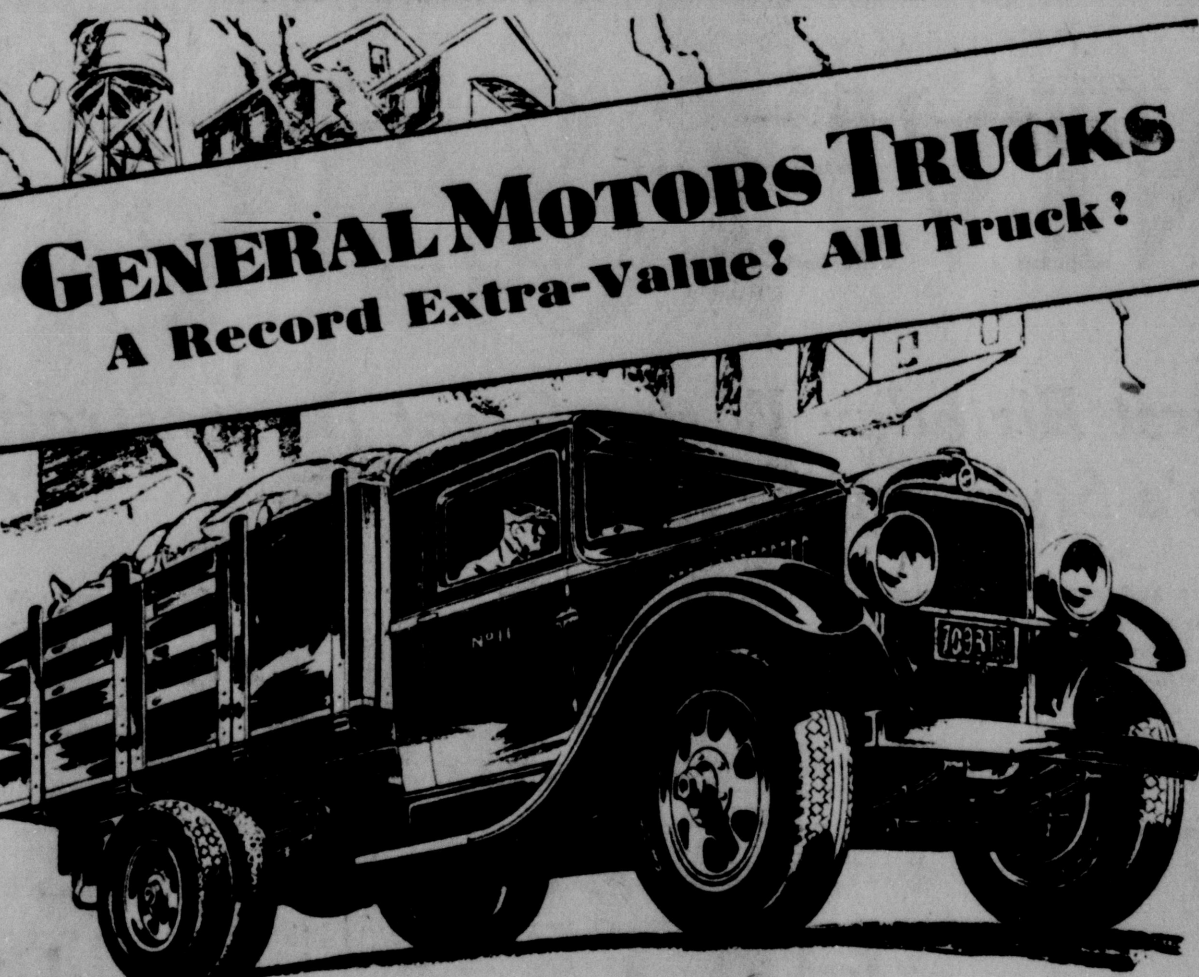

Topeka, Kan., April 16—(UP)—Carl Panzran, 40-year-old federal convict and seaman who demanded

he be put to death or be allowed to live and slay the whole human race was found guilty of a charge of murder here today and was sentenced to be hanged Sept. 5.

Thus the government must execute a man in a state which years ago

banned capital punishment for its prisoners. Panzran was accused of killing R. G. Warnke, laundry superintendent at Leavenworth penitentiary.

POLO PERSONALS

Polo—Mrs. Robert Cox and children of Chicago are guests in the E. S. Poole home.

Mrs. Leon Roberts entertained the Missionary society of the Christian church Tuesday afternoon. Mrs. H. T. Stahler was the leader.

Class No. 4 of the Methodist Sunday school met with Mrs. A. W. Reinert Tuesday afternoon. Mrs. Warren Roberts was the assistant hostess.

Frank Seasholtz and H. V. Bowers spent Tuesday in Oregon.

Born to Mr. and Mrs. Walter M. White, Saturday, April 12, a daughter.

Mr. and Mrs. Robert Moats spent Monday evening in the Oscar Bergstrom home in Dixon.

Mrs. Ellen Samsel returned home today (Wednesday) from St. Francis hospital in Freeport where she had been a patient for the past several weeks.

Helen Mae Ports is spending several days with her aunt, Mrs. John Meiners at Forrester.

Mr. and Mrs. Peter Gatz and family, and Mr. and Mrs. Tom Naylor spent Sunday in Rockford.

Miss Pauline Hedrick who teaches at Hamilton will spend the Easter vacation with her parents, Mr. and Mrs. Ross Hedrick.

Cliff Duffey who has been visiting his mother, Mrs. Elizabeth Duffey, returned to Chicago Tuesday.

Mr. and Mrs. O. E. Metzler, Mrs. Maria Klock and daughter Nonie spent Sunday afternoon in Leaf River.

Miss Hannah Hackett was home from Sterling over the week-end.

The business men's meeting that was to have been held Monday evening was postponed indefinitely.

Chaplin Will Stick To Silent Pictures

Hollywood, April 17.—(UP)—Still confident that the silent motion picture is the better, Charles Chaplin chose the occasion of his 41st birthday Wednesday to speak briefly in its behalf.

"My feeling is best shown in my own work," the noted comedian said. "My present picture—and I have been working on it for three years—is a silent one."

"Pantomime on the screen has long been an art. It is sacrificed with the advent of the voice in pictures. Its loss is to be mourned."

Chaplin said that he planned to continue making silent pictures and that he would make at least five more before he retired. "City Lights" now in production, has cost \$1,000,000 so far.

The comedian was born in London, England, on April 16, 1889, of poor parents, both of whom were stage people.

It takes at least seven years for a pearl to grow.

BY UNITED PRESS

QUINCY—A trust fund for \$5,000 left by the late Willis Gardner of this city for the purpose, is being used to purchase shrubs and trees which are being planted along the road south of here on route 36. One hundred sycamore trees were the first to be set out and the job is under the supervision of an engineer of the State Highway Department. Department regulations prohibit any tree within 500 feet of a curve or intersection. Other roads of country are to be improved by money from the same fund.

SPRINGFIELD—Eddie Shea, Chicago and Steve Nugent, Cleveland will headline a card of forty rounds of boxing here tonight. Both Shea and Nugent are junior lightweights, the former having recently defeated Benny Bass, rated as champion of that division by the National Boxing Association.

Oscar Baptiste and Big Tom Jones, Chicago, heavyweights, will meet in the semi-windup bout. Tommy, O'Brien, Chicago and Jack Burns, New Orleans will box six rounds and there will be four other attractions.

SAVOY—Six months ago Walter Forshey lost a collie dog.

Rewards were offered but to no avail and Forshey decided that his dog was gone for good and bought another collie. Then a friend told him he had seen a collie resembling the missing one on a farm near here.

Forshey hurried to the farm and was overjoyed to find that it was his dog. Collar marks indicated the dog had been stolen and found.

CHAMPAIGN—When a number of people accused him of being a "song bird" here recently, Judge Roy C. Freeman had what he considered "one of the most embarrassing moments of my life."

The embarrassing situation arose when Freeman, listening in on a radio, heard the announcer state that "Roy Freeman" would sing three requests.

Immediately Freeman was flooded with calls for songs but he explained that he couldn't even whistle, let alone sing.

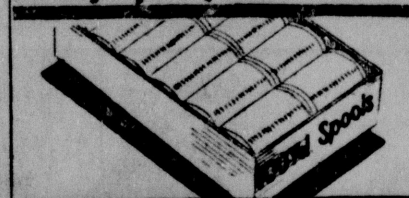

He significantly stated however, that he could chirp a tune or tune "about \$100 and costs" to the jokester who broadcast his fame as a singer.

Want To Buy Plane? Prices Are Reduced

Detroit, Mich., April 17.—(UP)—Price reductions, ranging from \$2,000 to \$5,000 on all tri-motored Ford air transports were announced by Edsel B. Ford, president of the Ford Motor Company.

The largest cut is effective for the 5-At model, which is reduced from \$55,000 to \$50,000.

PRICE OF BEEF SUFFERS GREAT DROP THIS WEEK

Maulers: Matches
Become Fewer

BY FRANK GEZTY
United Press Sports Editor
New York, April 17.—(UP)—The
last few days have witnessed an
extraordinary drop in the price of
beef as far as the fistic market is
concerned.

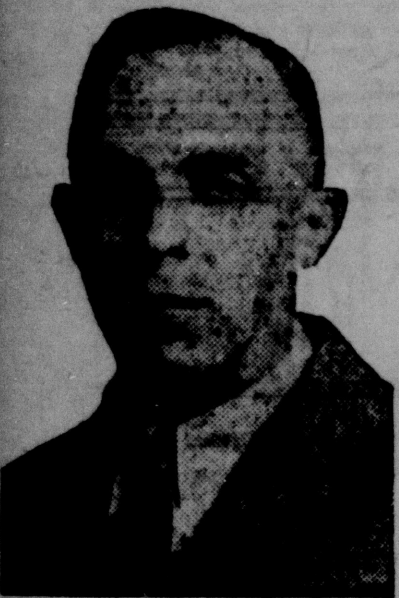

Primo Carnera, heaviest of the
present crop of contenders for the
public's cash, is under somewhat be-
lated suspicion on the far coast.
Vittorio Campolo, who is taller, but
wears smaller shoes, cannot get a
fight; and others among the bulkier
of the current crop are joining the
ranks of the unemployed.

This is a somewhat surprising de-
velopment, in view of the fact that
a few months ago it was practically
impossible for a boxer to obtain em-
ployment unless he weighed close to
300 pounds and ate half a dozen

E. M. SHERMAN,
The Kavatore Man.

As they tell their happy stories to
the Kavatore Man it just seems as
though Kavatore must contain some
magical potion that has the power
to banish suffering no matter of how
long standing it may be. One of the
most recent people to try Kavatore
with the usual amazing results was
Mr. J. A. Weaver, 78 years old, who
lives at R. F. D. No. 6, Dixon, Ill. The
story of how Kavatore removed a
very bad case of neuritis for him is
a most interesting one.

"When I decided to take Kavatore
I must admit I was rather skeptical
about its ability to help me because
of my advanced age," said Mr. Weav-
er. "During the past few months I
had been suffering from a general
run-down condition. My stomach
was out of order. I could hardly
eat a thing without suffering for
hours afterward. Constant pains in
my back added to my suffering. Neu-
ritis was the final touch to add to
my miserable condition, and the
shooting pains through my arms and
hands would be almost more than I
could bear at times.

"Along about that time I heard
people talking of Kavatore. From
the time this medicine was introduc-
ed into Dixon it seemed to me its
popularity grew by leaps and bounds.
It was hard to find anyone who was
not either taking Kavatore or had a
relative who was. I listened to this
talk for a time skeptically. But at
last I also made up my mind it was
well worth a trial for the trifling sum
necessary.

"From the first dose almost I
knew Kavatore was the one medicine
that was going to help me. First off
my nervousness disappeared. Then
I began to sleep better and feel more
rested in the morning. Much of the
pain from my back began to disap-
pear and my appetite improved and
my nervousness, induced by suffering
disappeared. I kept right on with
Kavatore and before long those terri-
ble neuritic pains disappeared.

The Kavatore Man is at the Ford
Hopkins Drug Store, 123 W. First St.,
Dixon, Ill., where he is daily meet-
ing the public and explaining the
merits of this sensational prepara-
tion. The famous Kavatore figure,
and ingenious human torso showing
every organ of the body, is used in
this demonstration and everyone is
invited to call at the store, get ac-
quainted with the Kavatore and see
this unique and interesting demon-
stration.—Adv.

steaks at a single sitting.
It is not that the fight fans are
growing wiser, for events since John
L. Sullivan's day all have tended to
show that that is incredible.

No Reason to Complain

Carnera, whose recent bout with a
Negro boxer in Oakland, California,
has aroused suspicion, has little
reason to complain. He got away
with his act in 15 cities. However,
there is much to be said for Primo.
He has too much at stake to risk
everything for the sake of fixing one
important bout. It would have
been ridiculous for Carnera and his
board of highly intelligent managers
to have jeopardized their chances of
cashing in to the tune of several
hundred thousand dollars by buying
off an unknown Negro boxer.

If Chevalier, the Negro heavy-
weight who claims he was ordered to
"take a dive" for Primo in Oakland,
really was approached by someone
it is probable that Carnera and his
manager, Leon See, knew nothing
about it.

To Big a Guarantee.

As for Vittorio Campolo, the lean-
in gtower from the Argentine, he is
having the utmost difficulty in get-
ting a match at all. The reason is
that Campolo has been guaranteed
so much by Madison Square Garden,
which bought his contract from the
late (fistically speaking) Humbert J.
Fugazy, that Tom McArdle, the Gar-
den's match-maker, cannot figure out
a match in which the Garden can
break even. The fans are wise to
Senior Campolo's limitations.

Tuffy Griffith, regarded until re-
cently as perhaps the best of a bad
lot, has been flattened almost be-
yond repair by a fifth rater from
Boston, Jack Gagnon. Otto Von
Porat is having his troubles. Jack
De Mave walked out on a recent
bout without striking a blow after
one quick glance over the house.

Baseball Gossip

By HUGH S. FULLERTON, Jr.
(Associated Press Sports Writer)
Old man weather, who has a habit
of disrupting early season schedules
and causing baseball magnates to
mutter dark threats of delaying the
start of the next season, has deliv-
ered his first severe blow of the base-
ball year.

Mr. Weather, in the form of rain
and cold, wiped off five games from
yesterday's major league program,
leaving but two contests in the Na-
tional League and one in the Ameri-
can. And the Chicago White Sox
and Indians still are trying to stage
their opening at Chicago, hopeful of
getting it done today before the In-
dians have to move on.

It might have been better for the
National League champions, the Chi-
cago Cubs, if the rainy area had ex-
tended as far as St. Louis. Playing
their second game there, the Cubs
took a 13-3 beating from the ram-
pant Cardinals. Starting in the first
inning, the Cards collected 20 hits,
six of them doubles and one a home
run by Jim Bottomley. George Fish-
er led the parade with four hits, giv-
ing him a record of eight blows in
nine times at bat for the first two
games.

The other National League game
gave Cincinnati an even break in two
games against the Pittsburgh Pirates
with a 3-1 triumph. Pete Donohue
of Cincinnati engaged in a duel of
right handers against Ervin Brame
and came out ahead because of the
fine support he received. Donohue
kept ten hits, scattered and Critz,
Ford and Kelly put a quick stop to
Pirate threats by completing three
double plays. The Reds bunched a
pair of their seven hits off Brame
for two runs and Walker provided a
third with a home run in the sev-
enth.

In the American League, Wash-
ington's Senators became the first team
to win two games by nosing out the
Boston Red Sox, 5-4, on the strength
of two home runs in the early in-
nings. Sam West, the first man up
got one, then Ossie Bluege cracked
out another with two on base. After
the third inning, Milton Gaston gave
the Senators only two hits, but Bump
Hadley kept the Sox in check by al-
lowing them only six altogether.

EXTRA MAN FOR PHILLIES

By Brian Bell
Associated Press Sports Writer
New York, April 17.—(AP)—Burt
Shotton thinks he has one player on
his team, not on the payroll but de-
signed to play an important part in
the season's campaign. Kid Psychol-

ogy is the extra man for the Phil-
lies.

"Winning that first game from
Brooklyn 1-0 will do us a lot of good,"
said Manager Shotton. "The psychol-
ogy of that is great it will be worth
much more to us than if we had won
1018, or some such score."

"Why here we are sized up by ev-
erybody as a team of sluggers with
no pitchers. When the forecasts were
being made the experts said, 'The
Phillies would be dangerous if they
had some pitchers.'"

"And then we step out the opening
day and show the best pitching per-
formance in either league, and mind
you it's a game where we have to
have almost perfect pitching to win."

"While we hit Clark harder than
Brookland hit Sweetland, we didn't
do what you would call hard hitting
all afternoon, but we did score that
one run needed to win the game
when we bunched a couple of hits."

Praises Sweetland
"If that doesn't put psychology on
our side, why not Brooklyn can hit,
too, which makes it all the more re-
markable performance by our pitcher,
Sweetland."

"I guess that game was the big
surprise of the opening. Some folks
thought, I have no doubt, that we
would be out there all the afternoon
trying to get each other out and we
cross everybody by putting on a
pitcher's battle with some of the
greatest fielding ever produced in
any one game. That's baseball."

Shotton thinks he may enjoy the
last laugh on his friends, who have
sympathized with him because he has
no pitchers. "I think the weakness
of our pitching staff is very exagger-
ated," he said. "We have already
demonstrated under fire that we have
one pitcher and in the games to come
we will show some more."

A friend, passing through the hotel
lobby stopped to wish "a lot of luck,
Burt." "Yes, we will have some luck
come our way," said Shotton. "And
we'll make some for ourselves too."

St. Louis, Mo., April 17.—(AP)—
Trainer Andy Lotshaw, the big med-
icine man of the Cubs, was working
overtime today.

As the National League champions
prepared for their third game with
the Cardinals, Rogers Hornsby was
still getting attention because of his
sore heel. First Baseman Charlie
Grimm was getting treated for his
cracked rib. Pitcher Sheriff Blake
has a twisted knee. Lester Bell was
getting rub downs for his lame salary
wing. Catcher Gabby Hartnett had
his thumb taped and some of the
pitchers were demanding a lot of at-
tention.

"It looks like a hospital ward, but
they're getting better," Lotshaw
chirped.

Chicago, April 17.—(AP)—Cleve-
land's Indians face the dreary pros-
pect of performing in only one inau-
gural baseball game this season in-
stead of the two, while the St. Louis
Browns may get an extra one.

Rain has postponed the scheduled
opening between the Indians and the
White Sox at Comisky Park two days.
If it interferes again today, the
threatened, the Indians will depart

for Detroit and turn over the opening
day festivities to the Browns, who
start a three-day series here Fri-
day.

The Tigers have played their open-
er so Cleveland would have left only
its home town inaugural against the
White Sox April 22.

The milk cart girl went on her
way. The Travel Man then shouted,
"Hey! I wonder if you'd let the
little Tinties have a ride. We're bound
for Brussels. 'Twould be grand if
you would kindly lend a hand.'"
And then the whole bunch gathered
by the little milk girl's side.

"Why, sure," said she. "I guess
that there is room enough—yes, room
to spare, for all four little fellows.
Hop aboard and see." The Travel
Man said, "This is great! Just travel
at a real slow gait. I'll run along be-
side you 'cause you cannot carry me."

And so the Tinties hopped aboard.
"Giddap! Giddap!" one of them
roared. The little dog began to run
and picked up lots of speed. Of
course the little milk girl ran and so
did Mister Travel Man, but soon the
dog, just full of pep, was far, far in

Los Angeles—Everett Marshall,

The others then came running
near and Cloway shouted, "Have no
fear! We're quite all right, but we'll
get out 'cause we have had our fill."
And so they jumped out, with a sigh.
The town of Brussels was nearby.
They reached it very shortly and
then came another thrill.

In front of quite a quaint old
place they saw a small girl making

and you would like, I have a hunch,
to watch me make this band of lace.
Well, sit down by my side."

It also was announced that spon-

his famous headlock, the young
Coloradoan came back to the next
two falls.

It required 32 minutes and 16 sec-

The second came unexpectedly when
Marshall, seemingly dazed from a
succession of headlocks out of which
he had squirmed, snapped into ac-

THINGS LOOK UP IN AUTOMOBILE RACING WORLD

Entries are Being Made At
Indianapolis: Some
Foreigners Enter

New York, April 17.—(AP)—Ameri-
can automobile racing is blossom-
ing into activity, preparing for the
foreign invasion in the grand prize
event, the International 500-mile
drive over the Indianapolis Motor
Speedway, May 30.

Capt. E. V. Rickenbacker, ace of
aces during the World War, himself
a famous auto racer of yesteryears
and now president of the Indiana-
polis Speedway organization, is here
preparing for the arrival of two Ital-
ian racing stars and their 16-cylin-
der car—a Maserati—the fastest car
in Europe, with a record of 152.89
miles an hour. Jean Gaudino, the
South American driver who recently
won for the second time the Gran
Primo National of Argentine, an 800-
mile road race, has also announced
his intention of seeking American
laurels.

Restoration of the two-seated racer
for the Indianapolis race, according
to Capt. Rickenbacker, has stimu-
lated competitive interest and the
prospects of a record smashing
event.

More than 50 new cars are under
construction for the event and the
advance seat sale, which opened in
January, is nearly 50 per cent ahead
of last year, when the largest crowd

in the history of the event—163,000
—saw the motor classic.

For the first time in seven years
two men will form the team man-
ning each car in the race. It is a
return to the vogue of the riding
mechanic, that picturesque figure,
who is the driver's eyes in the rear,
and who receives and transmits all
messages to and from the pit along
the track.

The cars will be of many shapes
and sizes, powered with motors vary-
ing in size from the tiny 91½ cubic
inches piston displacement, which
have been raced for several years, to
power plants as large as 3566 cubic
inches.

Whereas only 33 cars have been
permitted to start the 500-mile
grind, 40 cars will be allowed to face
the starter this year.

Heading the American defense
team will be a brace of two-time na-
tional champions, Louis Meyer, 25-
year-old champion in 1928 and 1929
and winner of the Indianapolis run
in 1928 will pilot his own 16-cylin-
der car. Peter de Paolo, nephew of
Ralph de Palma and champion in
1925 and 1927, will drive a Duesen-
berg.

fort with two-star drivers in one
car. Ernesto Maserati and Nacchi

Grimes Undaunted By His Transfer

New York, April 17.—(UP)—Un-
daunted by his transfer from the
pennant contending Pittsburgh Pir-
ates to the lowly Boston Braves,
Burleigh Grimes now harbors two
ambitions—to be last major league
spitball pitcher and to help build
the Braves into a pennant contend-
er.

"Judge Fuchs says he has no in-
tention of trading me and I hope to
complete my baseball career with the
Braves," Grimes told the United
Press today. "Perhaps my transfer
to Boston was intended as punish-
ment for holding out but I consider
it a lucky break."

Grimes appears destined to realize
his ambition of becoming the last
major league spitballer. The moist
delivery was legislated out of the
big leagues in 1920, with the pro-
vision that bona-fide spitball pitch-
ers then in the leagues be exempt
from the rule during the balance of
their careers.

Pitchers so exempted were Grimes,
Bill Doak, Phil Douglas, Dana Fil-
lingim, Ray Fisher, Marvin Goodwin,
Clarence Mitchell and Dick Rudolph
in the National League and Jack
Quinn, Red Faber, Hub Leonard, A.
W. Ayers, Ray Caldwell, Stan Cov-
elski, Allen Russell, Urban Shock-
er and Allan Sotherby in the Ameri-
can.

Of the 17, only three—Grimes,
Quinn and Faber remain in service.

Farm Girls Today Good Housekeepers

BY CECIL OWEN

United Press Staff Correspondent

Washington—(UP)—Girls on the more than 6,000,000 farm homes of the United States are showing a keen interest in the arts of home making and in many instances are telling their mothers how to obtain the best results from meagre incomes, according to Miss Mary Rokahr, home management specialist of the agriculture department.

Returning from a trip which carried her through most of the eastern and central states where she talked with hundreds of farm housewives and their daughters, Miss Rokahr said the modern girl on the farm probably in many cases will be a better housewife than her mother.

"Everywhere I went I found the woman on the farm eager to learn how she might improve her home and obtain a better mode of living on the slight means at her disposal. Most of the girls, however, were better informed than their mothers and many showed marked talent in restoring furniture, making clothes, cooking and the manifold tasks of a housewife."

One of the first questions asked by most housewives she met, Miss Rokahr said, was what labor saving equipment she ought to purchase. Proper methods of buying what the farm home needs was second in questions asked. Then the farm wife wanted to know how she most efficiently might divide the housework among the family.

"I do not wish to make odious comparisons," Miss Rokahr added, "but it is my impression that the average farm housewife has succeeded better than most city mothers in creating the true spirit of a home. It is on the farm, especially in the west, that we still find the pioneer spirit."

The average amount of cash received by the farmer for his saleable products is \$600 annually, Miss Rokahr said, while the average farm housewife desired at least \$1,200 to properly maintain her home. This would be the equivalent of about \$1,800 in the city if allowance is made for the many farm products used by the family which must be bought in town.

In the year since Miss Rokahr assumed her duties as an expert adviser to the farm housewives of the nation, 12 pamphlets have been published outlining model budgets for different states. Miss Rokahr emphasized that it is not possible to recommend a standard budget for the farm home because of varying crop, climatic and other conditions in different sections. It is planned to have a budget adapted to each section.

Living conditions on many farm homes are still extremely primitive despite the inroads of machinery to lighten the farmer's burdens. Only 10 per cent of the farm homes visited

were found to have running water, and only seven per cent had electricity. Despite this lack of modern conveniences, however, Miss Rokahr expressed the view that the farm housewife in most cases is keeping step with her city sister in providing a real home.

Election of officers will take place,

Tuesday morning, June 10. Officers

are elected for two years terms, and

with the single exception of the

treasurer, the present officers were

elected two years ago at San An-

tonio, however the custom is to give

officers two terms, hence, as there

are no other candidates to date it is

expected that the following incum-

bents will be re-elected: President,

Mrs. John F. Sippel, Baltimore;

first vice president, Mrs. Grace Mor-

rison Poole, Brockton, Massachu-

setts; second vice president, Mrs.

Eugene B. Lawson, Tulsa, Oklaho-

ma; recording secretary, Mrs. Henry

treasurer of the Federation, Mrs. H.

C. Taylor, Bloomfield, Iowa. The

C. Reynolds of Paducah, Kentucky,

having served two two-year terms

is not eligible for re-election. The

only announced candidate for this

office is Mrs. Edward Hammett of

Sheboygan, Wisconsin.

Colorado club women, who num-

ber 8000, have for the past two years

been occupied with plans for mak-

ing the twentieth biennial conven-

tion notable from the standpoints of

hospitality and entertainment and

many unique and delightful features

have been planned. Mrs. C. H.

Morian of Denver as local biennial

chairman, is in general charge of

local arrangements and she is assist-

ed by 46 large and well organized

committees. The convention will

open formally with a great out door

reception featuring a dramatic fan-

tasy symbolizing the spirit and his-

tory of Colorado written by Nellie

Eugene Miller, Colorado's poet laure-

ate.

"Play Day" as the day set aside

for recreation has come to be known

will offer to the delegates the 65

mile Circle Drive over Lookout

Mountain and through Denver's

mountain parks, to Golden, the

early capital of Colorado, scene of

the gold rush of '59, the rocky

crypt where rests the remains of

Col. William F. Cody, (Buffalo

Bill), Genesee mountain Continental

Divide, Bear Creek Canyon and

other points of historic and scenic

interest. Special entertainment is

being arranged for visiting club

women other than delegates. A

series of delightful social affairs is

being arranged for Juniors, whom it

is expected will be present in large

numbers.

Gold Star Mothers to

French Cemeteries

New York, April 17—(UP)—Army

officers who accompany the forth-

coming pilgrimage of the Gold Star

Mothers and War Widows to the

French war cemeteries may not take

liquor while there, on pain of dis-

missal from the service, according to

a warning by Major General John

L. Dewitt, Quartermaster General

of the Army.

There are 14,000 women entitled

to the voyage, their average age be-

ing over 65. Particular attention is

being paid to medical attention

for them, and a nurse will accom-

pany each group of 25 women. One

Gold Star Mother, Mrs. Hutchins,

of Oakland, Calif., is 91 years old,

and another is 88.

PRESERVATION, CANNING SAVE TAXPAYERS MUCH

Million And Half Saving
Is Effected By
Institutions

Springfield, Ill. April 17—(UP)—Through preservation and canning of their annual crops of fruits and vegetables, state penal and charitable institutions saved Illinois taxpayers more than a million and a half dollars last year, according to A. C. Everingham, state farm consultant, here today.

The saving Everingham said, does not take into account the value of the quantities of fruit and vegetables that are consumed at the institutions during the growing season, but the value of the garden and orchard produce that is stored in root cellars to be used during the non-production season.

Because of the huge savings effected, Everingham declared, canning, and preserving food stuffs are becoming, more and more, a necessary and vital part of the institutional life. Furthermore, he said, there is perhaps no other phase of institutional activity so well adapted as gardening to direct the minds and energies of inmates along useful lines and at the same time assist them back to normal condition.

"There were canned last year a total of 275,159 gallons of fruits and vegetables," Everingham said. "Kansas state hospital alone canned and preserved 80,736 gallons of fruits and vegetables. The Pontiac state reformatory, with much less modern machinery, canned a sufficient quantity of fruits and vegetables to supply the inmates and have a surplus to send to other state institutions."

"It would appear that tomatoes are the most extensively used vegetable for canning. Last year, the state institutions canned 147,652 gallons. Sauer kraut, because of its importance, is entitled to special mention. Two hundred and ninety tons were prepared and stored during the canning season to be consumed during the winter months."

"In addition, several hundred gallons of cucumber pickles, chili sauce and various forms of mixed pickles were prepared annually."

"Thus it is apparent every state institution with a large population should be provided with canning or other preserving equipment. With such equipment, the institutions could extend their intensive gardening operations. Waste would be largely eliminated. More of our people would be usefully and healthfully employed. We could take one more step toward the goal of institutional self-sustenance greatly to the relief of the taxpayer."

Parents Of Child Held For Cruelty

East St. Louis, Ill. April 17—(UP)—A frail little girl of six stood shily among newly made friends today and related that she had been chained to a houseboat by her parents, placed in water up to her neck when she misbehaved, and once went seven days without eating.

As a result of her story and that of neighbors of Mr. and Mrs. William Abrams, the couple was held to County Court on a charge of cruelty.

The girl, Betty May, was asked, "How did you get that black eye?"

"Father hit me," she said.

"Where did the marks on your wrist come from?"

"Father tied me and put me in the dungeon."

Neighbors explained the "dungeon" was the hull of the houseboat where the Abrams live.

Betty May said she was kept in "the dungeon" for weeks. "Big rats ran over me and I made a noise to scare them away," she said.

Two fishermen had the Abrams arrested, telling police about the girl after chaining her and then set them on fire. Abrams said later he did that to discipline her.

She Lost 19 Pounds of Fat in 27 Days

During October a woman in Montana wrote—"My first bottle of Kruschen Salts lasted almost four weeks and during that time I lost 19 pounds of fat—Kruschen is all you claim for it—I feel better than I have for years."

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one-half teaspoonful of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the little daily dose that takes off the fat." Don't miss a morning. The Kruschen habit means that every particle of poisonous waste matter and harmful acids and gases are expelled from the system.

At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's six life-giving salts is carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

If you want to lose fat with speed get an 85c bottle of Kruschen Salts from Sterling's Pharmacy and Public Drug Store or any live druggist anywhere in America with the distinct understanding that you must be satisfied with results or money back—Adv.

Goodyear offers a new heavy duty Ballooon

A BEAU BRUMMELL
for Looks

A HUSKY
for Wear!

Here's a new tire by Goodyear for the heavy car, the fast driver, the tough and rocky road—for any service that's arduous in the extreme!

It steps apart from other Heavy Duty balloons not only by its greater strength and improved construction, but also by its strikingly handsome appearance.

It's a big, stout, massively proportioned tire, armored with an extra-thick and extra-safe All-Weather Tread, and around its sleek black side-wall runs a single identifying stripe of silver.

New and original is the way in which the outer rows of All-Weather blocks are faceted down into the side-wall, a touch as smart as anything in modern sculpture.

You may be willing to pay a little more for a tire which gives you extra immunity against puncture, extra protection against blowout, extra mileage even in hard continuous service.

If you feel that way about it, go see the nearest Goodyear Dealer, and have him change over your car's tire equipment to these new Goodyear Heavy Duty balloons today!

NATIONAL SURVEY OF PROHIBITION OBJECT OF ASSN.

Neutral Poll To Be Taken
By New Georgia
Corporation

Atlanta, Ga., April 17—(UP)—A spacious, well-appointed office on the 13th floor of a 20-story building here bears on its door a freshly printed poster reading "National Prohibition Survey."

Occupants of the office told the United Press today it is the national headquarters of a projected \$7,000,000 effort to obtain a 32,000,000 "neutral" poll on all phases of the liquor question in the United States.

"National Prohibition Survey, as an organization, has no suggestions or amendments to offer in regard to existing prohibition laws; our position is impartial, non-political and neutral," read an announcement issued today by Edward Kennedy, who said he was "Acting Executive Director."

Purpose of the survey, Kennedy said, is to obtain "educational facts" for use of legislators and any others who may wish to use them for whatever purpose. Results of the survey, he said, will not be for sale. The organization is "non-profit" in concept.

Backers of the organization—for which Kennedy said papers of incorporation under the laws of Georgia were filed today—are expected to include every Governor of a state in the United States.

The Governors who already have expressed sympathy in the movement are now being polled on their choice for a Chairman of the Board of Directors, he said.

Kennedy declined today to say who the originator of the movement was, or to divulge how much

of the proposed \$7,000,000 fund had already been subscribed. All subscriptions will be published under a budget plan, he said.

"Our policy is 'Right Down the

Middle of the Road," the survey's spokesman said, adding in answer to a question, "funds advanced by the Anti-Saloon League or the Association against the Prohibition

Amendment would be as acceptable as any other."

College Education Is Finding Itself

New York, April 17—(UP)—College education in America is slowly finding itself after a long period of struggling with obsolete forces of orthodoxy which have prevented its advancement. Dr. Clarence Cook Little, noted educator, believes.

Little, who was ousted as President of the University of Michigan because of his attempted reforms, enumerated some of his ideas in an interview with the United Press.

He finds fault with the present methods of co-education, the existence of college fraternities, the use of liquor on the campuses and with college athletics, which he said needed a complete revolution.

Dr. Little said college drinking has increased to an amazing degree under prohibition.

"The extent to which college girls use liquor," he said, "is such that it completely overwhelms one. The drinking habits of students at men's colleges have changed under prohibition, but there was always heavy drinking at those places. The men's students used to drink beer. Now they drink hard liquor."

A THOUGHT FOR TODAY

It is easier for a camel to go through the eye of a needle than for a rich man to enter the kingdom of heaven.—Matthew 19:24.

Riches, honors and pleasures are the sweets which destroy the mind's appetite for its heavenly food; poverty, disgrace and pain are the bitters which restore it.—Bishop Horne.

Daily Health Talk

HOBBIERS VIEWED FROM A MEDICAL STANDPOINT
By Norman C. Varian, M. D.,
Cleveland, Ohio.

(This series of articles is prepared under the direction of the Gorgas Memorial Institute, which is organized to perpetuate the life work of the late Major-General Gorgas in preventing unnecessary illness. The headquarters of the Institute are at 1331 G Street, N. W., Washington, D. C.)

I am a firm believer that "All Work and No Play Makes Jack A Dull Boy," and that the statement has a far deeper meaning than is usually attributed to it. Not only does every one need occasional cessation from labor in order to follow the pursuits of happiness, but it is equally necessary as a health measure.

For the same reasons we should all possess at least one "hobby" which is capable of absorbing our interest and to which we may turn for recreation and diversion. A hobby need not take much of one's time, but should be something which can be taken up when spare moments are available and which will serve to cause complete forgetfulness of work and worry. I know of nothing which will so completely restore a mind and body worn with care and work as rest combined with some form of agreeable diversion, preferably something entirely foreign to one's daily occupation.

Physicians generally recognize this and are much given to cultivating hobbies themselves. The Cleveland Academy of Medicine recently held "An Art and Hobby Exhibit" at which the members displayed the various products of their hobbies. The exhibit proved to be an exceedingly interesting one and we were

all amazed at the variety and the high quality of the things exhibited. The display included oil and water color paintings, pen and ink drawings, photographs of unusual interest and artistic value, silver and gold work, plants and flowers grown by the physicians themselves, and many other beautiful objects of their handiwork. The exhibit did credit to our profession and revealed interests and abilities more or less a surprise to all who viewed products of the doctors' recreation.

What's the sauce for the doctor is sauce for the rest of men. Most persons take life too seriously and need something which will so take hold of them as to cause them to forget themselves, and in so doing allow nature a better chance to perform her functions naturally and without inhibitions.

The "Ideal Hobby" should conduce to health of both mind and body and gardening meets these requisites to a remarkable degree. Gardening is healthful to not only mind and body because they are agreeable occupied at the same time but especially be-

cause that occupation is mostly pursued in the open air and sunshine.

The health giving qualities of sunshine are being more and more understood and appreciated and by many persons whose health is below par would be greatly benefited by more sunlight.

Of course each person will determine for himself just the thing which suits his own tastes best but let me urge upon you to cultivate some sort of hobby. I will help to make life worth the living and you will find it an invaluable source of diversion when tired and worn by the everyday routine of work and worry. Learn to play.

Bank Accounts Are Clue In Booze Ring

Trenton, N. J., April 17—(UP)—Huge sums of money banked by a liquor syndicate which operated under a state charter as a legitimate importing and exporting concern gave prohibition officials a new lead in their efforts to break up the gang

which carried its activity into three states.

Philip Forman, United States Attorney said yesterday that the syndicate once had total deposits of \$970,252 in three banks and operated safely under a legitimate charter which enabled it to become the strongest liquor ring in the east.

Already 59 members have been named in indictments superseding those of last October, when the existence of the ring was revealed. They are charged with conspiracy to im-

port and sell liquor which they transported in trucks and speed boats, frequently with the aid of bribed police officers.

Veteran City Clerk Of Urbana Is Dead

Urbana, Ill., April 17—(UP)—Charles B. Holmes, 77, who next month would have completed 53

years service as City Clerk of Urbana, died suddenly here late Wednesday of heart disease. Holmes was the oldest City Clerk in point of service in Illinois and it is believed, in the United States.
